Sunday 11 April 1948

1. Took steps, through Cong. Bender's office (R., Ohio), to present the facts to him at 0830 on 12 April in the hopes that he would then call in Mr. Brown and point out the inadvisability of his resolution. Informed the Director of the steps taken and he instructed me to hold off as the whole matter STATINTL had been taken care of by him. I therefore informed [] that no action would be necessary by Mr. McCormack other than to keep a watchful eye and further cancelled my appointment with Mr. Bender.
